Equipped with a rotating hook for accurate fire blanket placement and control.
- **Secure Grip:**
Textured handle ensures a firm hold, even in challenging conditions.
- **Portable & Ready:**
Comes as a set of two, neatly stored in a carry bag for quick access and deployment.
- **Lightweight:**
Each pole weighs 1.5 kg (3.3 lb.)
- **SKU:**
900049

How To Use the Bridgehill Extendable Poles

1. Prepare – Remove the extendable poles from its bag and unroll the fire blanket to expose the eyelets.

2. Attach – Hook the poles through the eyelets.

3. Deploy – Extend the poles and use it to position the blanket over the vehicle safely.
